

To generate OTP, click on **Login with OTP** on the URL : <https://ruckus.yagnaiq.com>

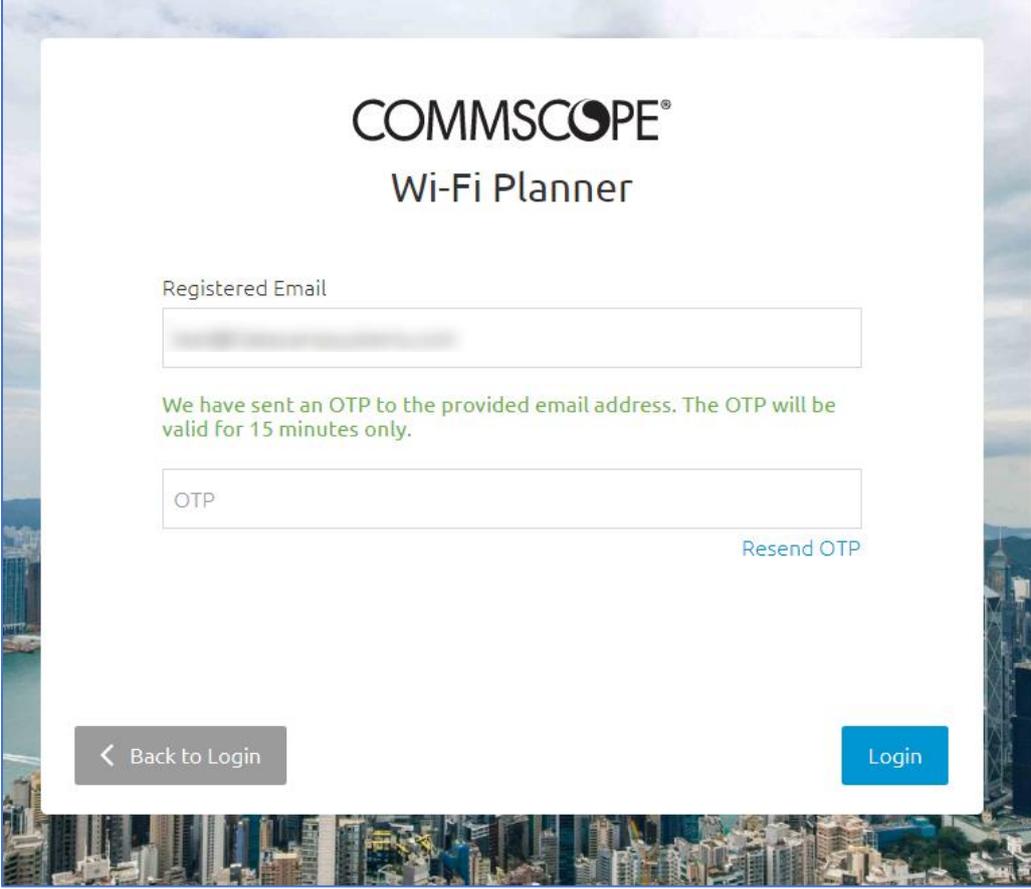

In the next screen, enter your registered Email ID and fill the CAPTCHA :

Click on Send OTP. You will receive an email to your registered Email ID with the subject “**Yagna Login OTP**”

Once you have an OTP, you can use this to login into the Ruckus Wi Fi Planner as shown below :

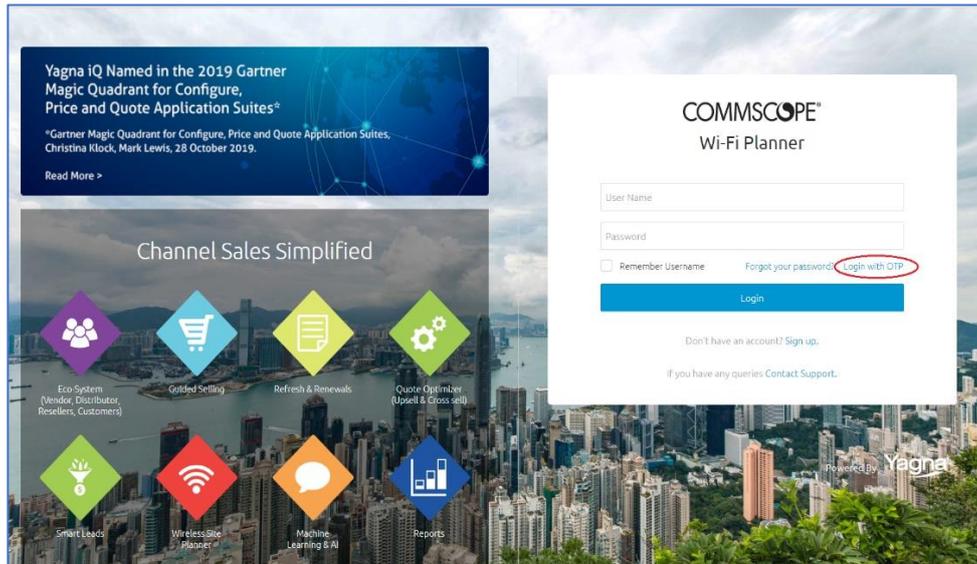

The screenshot shows the COMMSCOPE® Wi-Fi Planner login interface. At the top, the COMMSCOPE® logo and "Wi-Fi Planner" title are centered. Below this is a "Registered Email" label followed by a text input field containing a blurred email address. A green message states: "We have sent an OTP to the provided email address. The OTP will be valid for 15 minutes only." Below the message is an "OTP" label followed by another text input field. To the right of the OTP field is a "Resend OTP" link. At the bottom left is a "Back to Login" button with a left-pointing arrow, and at the bottom right is a blue "Login" button. The background of the page is a cityscape.

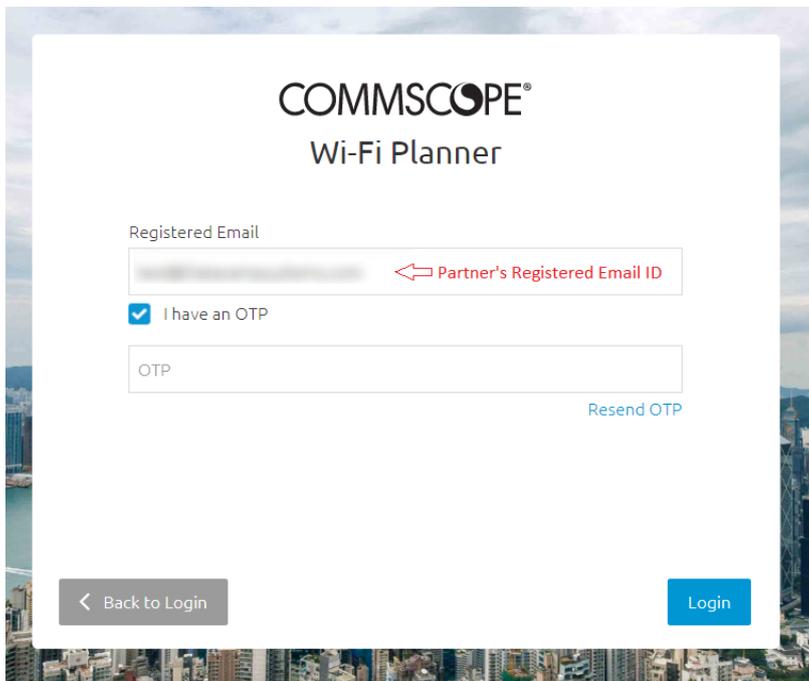

As a partner, in some cases you might need to share your login credentials with your Ruckus SE or Distributor. In such scenarios, you can share the OTP with them.

Further Distributor can use this mechanism to log in to Ruckus Wi Fi Planner portal as shown below:

1. On login page (<https://ruckus.yagnaiq.com>) , click on **Login with OTP** option.

2. In the next screen, Key-in the Partner/Reseller's Email ID and select "I have an OTP"

Input the OTP Shared by the partner to **Login**.
